HE plugged the movie which he said is like Al Gores movie. He didn't say much else they had a stellar crowd. Richard Gere, Woody Johnson etc. He is not very cool, sort of the kind of person you would not have a beer with if he were poor. I thought the movie was so dumb, I kept cracking jokes to myself like invent fish helper like hamburger helper,,, I love animals but fish, who gives a rats ass. If hamburgers were in danger or fries well that's worth a movie. Jonathan
