Yes, I'll focus on it. It's my plan to be back on LSJ tomorrow through Friday. The main purpose of the trip is to review each area that we discussed and to prepare a conceptual program and design for each. We'll then prioritize. Also, I discussed the Paspalum grass with Jeff Potts and he will be doing an analysis as to whether it's the best choice. He did say that although Paspalum is fairly salt tolerant, it's not very drought tolerant. There may be a better choice but he wants to think about and talk to our turf grass expert. I'll keep in touch.
