Dear dear Jeffrey,

Tomorrow [REDACTED] will graduate from Preschool and I can not thank you enough for giving her this extra year. Instead of being the youngest in her class (kindergarden) next year, she will be one of the oldest and with that comes the confidence that she has gained. Until this year, [REDACTED] was always the follower at school. This year has brought on the most wonderful change in her. Now being one of the oldest, she has become the leader. When I get to school to pick her up, the other kids are always running AFTER HER. She holds court on the playground and even has a boy friend. (Yes! 5 years old!)

I can not thank you enough dear man. You are such a blessing in my life in so many ways. Thank you for always being there for me. Thank you for all that you are. With love, [REDACTED]

(squatting down in her fairy garden this week) xo
