Hi Jeffrey.. Back in Phoenix before I depart on my next cruise... once again, thanks for the hospitality last time... while the cruise ship itself was unbelievably tacky and poor.. it was life changing for me.. the destinations were interesting, but I otherwise had the most remarkable time.. like nothing I have ever known.. anyway.. before I leave for yet another cruise next week .. I wanted to touch base with you about several things..

1. February.. attendee list for Human Origins Workshop is below. I am assuming you will be there?

2. Codes, and Genetics: The more I think about this, the more I think it is a fascinating topic and we should do a workshop.. probably in 2011.. for 4-6 mos, getting 20 of the best people from different fields to come and interact.. Shall we do this?
