[2010 11 10\\_LSJ Kitchen Shop Drawings\\_2 of 2.pdf](#)

Title: Drawings for Kitchen - 9 sheets total

Doug,

Attached please find the above mentioned. All the shop drawings are "APPROVED AS NOTED" with minor comments. Please review providing additional comments and forward to Gary Kerney.

Let us know if there is anything else I can do to help.

Thanks,

Jorge

Hi,

Attached are PDFs on 24" x 36" format. Almost everything worked out according to original design drawings, except that Kitchen Island length increased by approx. 11". This was because of minimum spacing required for the dual waste bin pull-out slides. I kept everything symmetrical and this was the final outcome. I suppose maybe the waste bin hardware could be reselected, but I see no negative consequences from the increased length island. I'll be working on the Banquette/Light Box design next, and then will follow up with stone countertop drawings.

Best Regards

Kirk

Ps: I'm sending this message twice to keep the file size down. Total drawings= 9 Ea.
