

Hej hej Jeffrey,

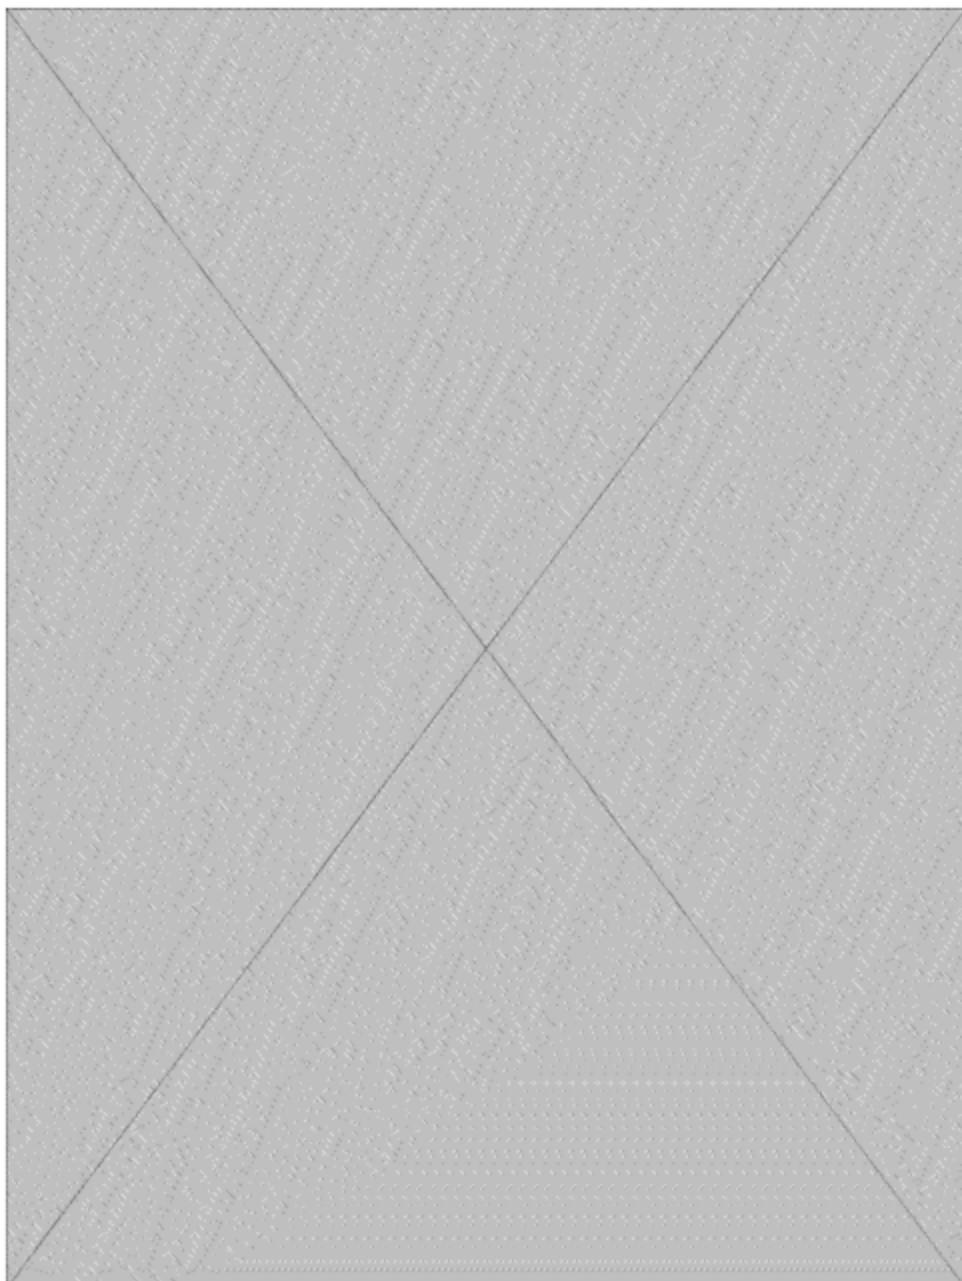

Here are the final four candidates for Female Economist of the Year 2009. I will be going over there on Friday to interview. Like very much to see what you think. I hope you can open the attached cv as well. We'll have the big gala at Confidancen theater on June 1 to which I had invited Hillary Clinton when I met her, but she is elsewhere engaged these days.. perhaps she can come to our 10 year anniversary next year if the school gives her my honorary doctors degree.. I am going down to Washington Tuesday for dinner with my relative there Jonas Hafström Swedish Ambassador but I am hoping to talk to you this week before leaving. - I think Freja would be quite perfect for you....but, I am thinking for you! Did you like young Sofia that I sent you last week? Heard that Dr Eva is going to Swedish Consulate dinner for the president of Karolinska Institute this week, are you involved with KI as a donor?? Anyway, hope you are ok glad you're looking forward to getting married..! Kram Barbro
