Allie Petrus and Sammy Sanes
Release Their First Radio Ad:
"Rebuilding our Virgin Islands Economy"

Last week, =emocratic Candidates for Governor Allison "Allie" =etrus and Lieutenant Governor Sammuel "Sammy" Sanes =eleased their first radio ad focused on rebuilding and restoring our =conomy in the Virgin Islands.

Although the work to rebuild our islands is now underway, we =ill still need the right Team to lead us forward and get our local =conomy back on the right track, the Petrus/Sanes Team is the best =oice to make that happen and begin that work on day =ne.

REBUILDING OUR VIRGIN ISLANDS =CONOMY

=/tbody>
Stability, Growth, and =rosperity
</=r>

These are the =ords we should be using to describe the economy for our islands, for =ur people. But truth be told, after three years of complete =ismanagement, nepotism, and corruption our local economy has been =early destroyed. Although we are beginning to see federal recovery =ollars now coming into our territory, we must remember that these =onies are non-recurring. These monies will neither be the cure-all for =he challenges ahead of us, nor will they make up for the disastrous =ecisions that have been made over the years by this current =dministration.

</=d>

WE STILL NEED =O REBUILD OUR VIRGIN ISLANDS You can Trust the Pertus/Sanes =dministration to do =his!

IN A =ETRUS/SANES =DMINISTRATION:

</=d>

- * We will provide financial incentives that centralize =nd expedite licensing, permitting, and zoning =equests;
- * We will institute = scalable gross receipts system in the first three years of =operations for new business;
- * We will establish an Office of Business Development in =he Governor's Office to streamline processes and support =or our existing businesses;
- * Working together we will nurture local entrepreneurs and =oster small business growth at the same time;
- * We will promote more business in targeted =conomic and empowerment zones across the =territory;
- * We will develop =ublic-Private Partnerships that will first, and foremost, benefit =irgin =slanders.

No more Empty Promises!! No more Broken =romises!!
</=r>

You can =rust the Petrus/Sanes Administration to bring=our Economy back!!

We ask for =our support and vote for the Petrus/Sanes Team in the August 4th =emocratic Primary =lection.
</=d>

We will get our Islands back on track and =nce again create A Government that Works for YOU!
