I hope that you are well. I'm not sure if you remember me &#=211; I'm the psychiatrist who visited you about this time last year =ith Peter Attia (who, as you may know, is now on Easter Island digging aro=nd for bacteria, further proving that he is anything but your average huma= being!) I appreciate that you supported my work with Susan, and I d= believe that I have been helpful to her. She is such a lovely perso=, and it is a pleasure to work with her. I don't want to bug y=u, and am just checking in with you, in case you have anyone else you migh= want me to work with. I am also doing business consulting around ex=cutive assessment, hiring decisions, problem solving, and performance opti=ization – probably not something you need, but I figure it can't hurt to let you know! Please let me know if any of the above is of=interest. Take care,

<=o:p>

Paul
