Yes
But there is no image or sound in the head
Images and sounds are in awareness
You head is also in awareness
As is the cringe !
Nothing is outside of awareness

To understand this is to be free
Whenever the cringe occurs ask
" Who or what is having this experience ?" and then settle i=to non symbolic being/ awareness / existence .
Soon there is total peace and the knowing that all experience is the a=ising and subsiding of sensations images feelings or thoughts - a mo=ularon of awareness itself and not to be taken personally as the person al=o is just a construct - a fictional character

i enjoy your new fascination with the term human construct= as well as mobjects. reality is a mobject. though=it is difficutl to recreate smells. or physical pain. .=C2 Im not sure why people cry OW , when there is no one around.=C2 we can also look at psychological torture.

Funny and insightful
But " I " is not a person
It is the awareness in which the person is a fictional character
The characters are in time
Awareness is not in time
Not subject to birth or death
Birth and death are human constructs
