**Subject:** NYC visit and Cuba Writeup

Hi Jeffrey,

Hope all is well. Am sorting out my travel and I hope to have the Cuba writeup for you this weekend.

I'm headed this weekend to the World Knowledge Forum (<http://www.wkforum.org>) followed by TransTech (<http://www.ttconf.org>) and Science and Nonduality (<https://www.scienceandnonduality.com>). I will run my workshop in LA (see attached) and then head to NYC getting in on the morning of the 29th. I plan to stay until the 2nd. James may "tag" along. I've got him working on his next company. There is a big party thrown by Robot Earth (Geo who you met) that I'm happy to invite you and your momen to as VIPs on the right of the 29th. They have a massive warehouse in Brooklyn and most people will be in costume.

Two questions:

- 1) Will you be in town and free to meet? (Oct 29-Nov2)
- 2) Can we crash in one of your guest houses?
