Ok, Can you please show me an image of something that resembles what you have in mind for the girls?

I thought you liked the "casita" idea presented on the moodboard...

I agree! It is a material that simulates wood called PRODEMA. Ok sinks.

I believe that the rendering trees are out of scale; I will review and get back to you.

Drawings sent yesterday have a graphic scale on the bottom left corner. We will show human scales in the rendering for clarity.

no the fourt ladies need to be in one builidng. clearly t=e secondary it looks like a cheap development. &nbs=; and i believe the scale is wrong on the rendering. , &nb=p; your computer models are very misleading. and please again&n=sp; put a foot . scale on every drawing.

Good morning Jeffrey, please review these locations=for the master retreat and the ladies' residence as per the drawing=sent earlier. Master is approx where existing house is and ladies gathering=point is a little above the existing trash area. In this proposal they can h=ve Beach access if wanted.

Don't pay=attention to the finishes of the buildings. This is just the raw model for u= to see aproximate location, elevation, etc.
