Hi Brice,

Please refer below to what we can offer at this time= The 321DL is the only compact radius machine we have in that size class a=d it's available in our Miami branch store. I am confident we can =et it go serviced and 100 % operational for \$179,500.00 EXW Miami. A thumb should not be more than \$5,200.00. We do no= have a used hammer for this machine but a new one will run about \$67,000.=0 EXW Miami.

I am sending you another email with the smaller mach=nes.
