BBJ viewing

Jeffrey

Just received confirmation from Claire that Bill and I are approved for Ramp=access to view the BBJ in Abu Dhabi, it's difficult on short notice to get R=mp access due to high Security, Claire has arranged for me to meet with Husha= as well to review books etc.

Bill and I depart tonight at 10pm and arrive non-stop in Dubai at 7am, Clair= has arranged for a car to pick us up and drive to Abu Dhabi, its 1+20min c=r ride,, actually should be fun to see the country during the drive., I found a flight on Emirate, non stop A380, which I'm excited to fly on as w=ll, should be a great trip all around.

I'll take many photos and video as well.

We are planning to return to Paris Wednesday evening, so I have a full day w=th the BBJ.

Items of interest I'll cover:

1-I found log book entry during 2009 when seller removed 2 Aux tanks which r=duced tanks from 7 to 5 tanks, I'll ask if we can obtain the 2 missing Aux t=nks.

2-I'll find out what happen to the original Conference table and the 16G sea=s that where originally installed, could save a lot of re-furbish expense i= we can obtain the seats and table that where removed!

3-I'll confirm current Radar installed so I can get real upgrade cost to the=RDR-4000 3D radar.

4-I'll take photos of cabin entertainment and switch panels at VIP station. = Can you think of other items of interest while I'm there?

Thank you

Larry
