**Subject:** JetSmarter, Inc. - Private Jet Membership Information

Hi,

I saw you either download our App or requested information online about our Membership.

There's a reason that we're the fastest-growing private aviation company in history.

So if you have the time, and have some questions, I'm available and can be reached at [REDACTED] or email me at [REDACTED] <mailto:[REDACTED]> to set up a convenient time.

Here are a couple of benefits of being a JetSmarter Member:

- \* Obviously, with JetSmarter you're going to avoid the time and indignity of traditional airport check-in. It's getting worse than ever - and there are even lines at TSA-Pre these days.
- \* We're not just another charter company. Far from it. We've "rewired" private aviation to create a marketplace where under-utilized planes and unused seats are made available to our members through the exclusive JetSmarter marketplace consisting of more than 3,000 aircraft.
- \* Complimentary Empty Legs/JetDeals: JetSmarter members have access to an unlimited amount of complimentary empty leg flights. This means that you can bring friends, family, or co-workers with you for no extra cost at all. This include Heavy Jets, Mid-size Jets, and Light Jets.
- \* Member Pricing/JetCharter (FOR SMART AND SOPHISTICATED Members only): Member pricing in the charter search section is the exact pricing that operators have put into our system. There is no mark up. Considering that most brokers in the country work off of a 10%-17% margin you can save this margin on each and every charter trip you book as a JetSmarter member. We make our money off of memberships, not on a trip by trip basis!

Jet Shuttle: Members have access to seats on a jet shuttle between New York City and Fort Lauderdale FL, NYC to Hampton's, LA to Las Vegas, San Francisco to Los Angeles, Fort Lauderdale to Las Vegas, Fort Lauderdale to LA, NYC to Vegas, NYC to LA, NYC to San Fransisco, NYC to Chicago, Chicago to Fort Lauderdale, Chicago to Los Angeles, NYC to Boca Raton, Atlanta to NYC, and Atlanta to Boca Raton

Members can book their seat on the shuttles complimentary Each member has 2 tokens to book with 1 token to book the flight there and one to book flight back, once you are on the plane you get your token back to keep booking. Coast to coast trips (flights over 4 hours) take 2 reservations to book one way so once you are on the aircraft you can then book your return flight. Remember you get each of your reservations back once on flight so can keep booking as many times as you like. There are additional cost for non member seats which you can use your flight credits to purchase. Members can also create their own shuttle and bring additional guests choosing the times the flights leave, this would be cheaper then chartering your own plane. Whatever seats you don't use will open up in the app and be free

to other Members to join you on that flight. The prices for creating your own are listed in the app. You can also create a shuttle and can fly non members without you being present on the flight. To clarify you cannot fly a non member without you present unless you are the one that created that flight.

**Helicopter Transfers:** JetSmarter members are offered helicopter transfers in Chicago and NY from the airports to the city. Members can purchase seats on the Helicopters any time they are taking a JetSmarter flight.

**Concierge Services:** JetSmarter membership comes with access to full concierge services. Whether you are flying with us or having a staycation, our full time concierge department will be ready to assist with all of your needs. It might be a hotel reservation or a restaurant reservation that you need. In any case, we will get you taken care of.

Some other perks include a gold membership card and invites to VIP events throughout the year. Last years events included a Golden Globes party, a Sundance Film Festival event, and an Art Basal party among others.

Please let me know if you have any questions or if you would like to become a JetSmarter member.

**ANUAL MEMBERSHIP FEE: \$9,990 (renew yearly at this price, Grandfathered in) ONE TIME INITIATION : \$4,950  
TOTAL : \$14,940**

**\*REMINDER** you get \$1,500 in flight credits for referring friends and coworkers that sign up. You have to introduce me to them via email or send me there name and contact info in the messaging center of the app so there is a paper trail of your referral so you are sure to get your flight credits. Family does not count as a referral. You can use your flight credits to create your own shuttle or purchase additional seats on flights for non members.
