Here is the Hanger floor paint Pete found in Teerboro,

[http://www.tennantcoatings.com/am-en/industries/aviation\\_aerospace/aircraft-hangar](http://www.tennantcoatings.com/am-en/industries/aviation_aerospace/aircraft-hangar)

<[http://www.tennantcoatings.com/am-en/industries/aviation\\_aerospace/aircraft-hangar](http://www.tennantcoatings.com/am-en/industries/aviation_aerospace/aircraft-hangar)>

In order for this product to adhere to the floor,, the old paint has to be completely stripped to Bare Concrete, we tried this when we first painted the floor with Sherman William Industrial Floor paint,, the paint stripper only removed 50% of the paint, they rented sanders and still had issue removing the 30 year old floor paint.

Should we try to strip the floor again, or should we use Sherman Williams again?

Thx

Larry
