Dear Larry,=span>

With regards to the difference in engine time; there was an engine swap done as part of a stagger program

Hope this clarifies and look forward to hearing from you on the way forward.

Best Regards

Hello Claire

Yes, I represent Mr. Epstein

The purchase company would be
Thomas World Airways

I'll sign NDA and fwd post haste =/u>

Thank you for questions answered,,

I'm unclear on total engine time,,=/p>

Your engineering department stated,

Airframe and engines are on same cycle,

Your spec sheet stated 4800 and 11,000 hours total t=me on engines ?

Could you clarify?

Thank you

Larry

Claire,

Can you also send current photos of interior? Wood work detail, general condition.

I'd also like photos of the nose and main gear wheels and Brakes, also photos of the wheel Well area,,

Close up shots, nothing fancy, I'm looking at general condition of these areas.

Even A current video of exterior close up and Interior taken with an IPhone would be helpful, please.

Thanks in advance,

Larry

Hi Claire,

jeevacation is my principal, he has now left the neg=tiation and detail to me.

Please send all responses to my ques=ions.

thank you,

Larry

Claire,

Thank you for clarifying your Controller ADD.=u>

Could you answer the following questions:

1-Is A6-DFR on MSG-3 Maintenance program?

2-What maintenance facility does the Heavy inspections? (Such as Last C Che=k).

3-When was the Last shop visit / Engine inspection completed on Both Engine=?

4-When is the Next scheduled Engine Shop visit?

5-Could you provide "Read Only" access to the Computerized maintenance
program for me? I'm mainly interested in HPC Disc cycle life remaining.

6-Do you have a Maintenance Budget for the 1C inspection Due in 2017?

7- the 4A inspection was due August 08, 2016 where was that inspection
completed? Would it be possible to review that invoice?

8-Are the engines "On Condition" or Hard time overhaul?

Best Regards,

Larry Visoski
