Ehud shalom,

First, I would like to thank you for t=e opportunity to meet and present to you our start-up.

Attached please find the presentation =hard copy you already have), Executive Summary and a few images which give a very bas=c idea of how the MOF molecules are arranged in space and what they look like=20 under the microscope.

I truly believe this project is unique=in the sense that if successful (which I hope and trust) it will be a revolution in car=20 industry fuel and in natural gas transportation. So, I believe the balance=20 between risk and reward for investment in this venture is very reasonable.

Of course we will be happy to submit a=y more information you might request.

Regards,
Avner Rotman

P.S : Our CEO Tal Arbel did not attend=the meeting due to fact that he is out of the country this week.
