Hi Jeffrey,

There will be four (4) dye lot cuttings of ultra-sue=e and a piece of your existing wood coming to you in Palm Beach tomorrow b= 10:30AM.

Something to also consider is covering the window frame, headliner and PSU in all the same fabric or ultra-suede. Makes for a nice cohesive look.

Tracking #772123366059=nbsp; (wood piece)

Tracking for ultra-suede will follow.

Have a great night.
