my view is=that testing the debt market with such a small amount 10 b, &nbs=; is fraught with more risk than reward. if you get=the money, you have not made a dent in the problem and if there is an= problem with such a small offffering especially compared to the countries&n=sp; liquid reserves, the message would damage a future transaction th=t would make a differnce. . have aramco borrow the money ,=nbsp; not the kingdom.
