I have a cleaning lady who I trust immensely, like 100%.

Her time is a little limited as she has a 3 month old baby girl (with her husband and two other daughters from the same man 13 yrs and 14 yrs I think). But still, she needs to work and is happy to have work.

She is hispanic, I think Dominican. I love her, she has a beautiful positive energy, she is so kind and polite and unobtrusive. Nothing is too much for her and she does everything with a smile on her face. Her English does need to improve, she is learning more and more from her daughters.

I was thinking if we are short at 301 with [REDACTED] attention more on the house, she could manage 30, or, if trained by [REDACTED] perhaps even clean at the house. (For my involvement in house I would also want to train her, or anyone for that matter)

At any point I can liaise with Les or Ric to minimize involvement of you.
