Yes all objects have EM field

In Biological Organisms the EM field changes with emotional shifts =A0

I promise this is documented

Your brain waves and heart EKG are part of this field

We have published the effects of meditation on this with Eric Topol from Scripps ( look him up ) in Frontiers in Neuroscience

Will send you the paper when I get to California

Maybe we are speaking of different things

I have 6 hours now on the flight to meditate - delicious !

The paper could have been great . It is not. The word FIELD =A0dooms it. A field is an  
object in physics. A well defined ob=ect. That's not what you guys want. Maybe bio-cloud= Or something that does  
not immediately halt an amazing future
