Depending on the structure/type of entity, I can be CEO, CTO, or research scientist.

> (2) job description

Again, it depends on the company. If I hold a research position in an existing one, it will be  
- planning and executing research projects in the field of Artificial Intelligence  
- managing and supporting a team of researchers  
- publishing and presenting results within the international community of researchers  
- organizing workshops and conferences

> and (3) annual salary for your future O-1 position.

ca 160K + overhead

> Would you please clarify if your position description will be based on=what is described in your "Project Synopsis" regarding the Design Space of Cognitive Architecture? If so, we can work with the information in this synopsis to frame the job description. If not, please provide 6-8 bullet points of job duties you will undertake in the new position.

Yes, confirmed.

> If Bill and I wish to speak with you tomorrow or Friday, will you be reachable by phone?

I can call you from here. Please let me know which time slots are good for you. (I am at a conference in Canada, ideally I would call you between sessions.)

Thank you very much, your help is highly appreciated!

Joscha
