Subject: Discussion regarding my own work

Another area I set up in our conversation, but did not get to address is =econd person research methodologies. It is the new way to reframe =cience and also allow for spirituality (also essential for Sci-Foo). =d love to have this conversation with you.

Here is a taste:

Please watch it the whole way though. There is a moment of divine =ntervention.

BTW, do you know Robert Kuhn? He has a house not far from yours and =ill be in NYC in October. He produces the show that the video clip is =rom which is focused on Consciousness, Cosmos, and God. I introduced =im to Eastern Thought and also to Deepak Chopra. Happy to make an =ntro.
