Dear =effrey

I will take an appointment around =he 10th of September with a contractor in NY to estimate the work, the =etails will be designed next week and the first couple of weeks before =oming

IN =he same time we will do an estimate for our =art

[REDACTED] told me you do not come to Paris for the moment

I give you again my own email, I =ill work until the 6th of August but you can easely =nbsp;write to me, I will stay in France

I didn't send you photos of =he mirrors hung this last Monday avenue Foch , I can imagine Walson =id

The =otos you have , where tihang them, we could put one in the main Living =n Paris where you have the convex mirror and put the mirror above the =ireplace , the second one could go in your massage =oom,

I do =ot see where to hang the pair, even in NY
