Promissory note ?

If there is an ontological primitive what is it

Consciousness

Or

Matter - an experience in consciousness

That's the fundamental question re fundamental reality

But we agree - I think- that scientism is misleading and can be danger=us.

Science cannot explain experience including the experience of doing sc=ence

Science cannot explain consciousness

Science is an activity in consciousness

Theories are conceived in consciousness

Experiments are designed in consciousness

Observations are made in consciousness

Consciousness is the ontological primitive not matter

Matter is the experience of sensations and sense perceptions in consci=usness .

It does not exist as such !

equation for it

Consciousness must be included in expanded science even though there is no
