hi.. in toronto airport on way back to portland after taking my mother home this weekend.. Let's talk tomorrow.. I have my next interview on Friday.... have a list of people they should talk to.. Not sure what Justin has been doing.. he has been talking to university attorney.. will find out tomorrow I expect.. I am getting pretty upset at the OEI office.. If I am exonerated, I still plan to consider suing ASU.. and then CWRU and then Perimeter.. but that is down the road.

Not clear. There was a lot of fishing. There were numerous claims of hitting on random women in bars. Or poking people while debating with them.

4 hours.. with another 2 to go.. the questions were so =andom and largely silly: Have you ever talked about anyone'= physical appearance in your life. Do you think it is every =ppropriate to talk about what someone is wearing? lots of =uestions because they seem to think that [REDACTED] and I are or were =aving an affair.. nothing really specific to ASU.. they =sked if I had a sexual relationship with [REDACTED]. asked =bout me hitting on women in bars.. I think they were trying to =establish some pattern, but my answers disabused them of it. One =f my favorites was when they claimed that [REDACTED] (one of my former =obese) employees who is the source of much of this) claimed that I said = wanted to take a nude photo of her and send it to Brad Pitt.. it =as hard not to laugh. Anyway, she seemed to be embarrassed =o ask other questions and then seemed to try and lead me into a trick =bout others.. she had an assistant who would then try and go in for the =ill after she finished with the generalities.. it didn't work.. =nbsp;

we will =ee.. Justin, as I say, is very helpful..

more after I =and.
