Subject: Heli pad GSJ

Jeffrey

How about building the wood deck level,.like you mentioned, current pad as a=slight slope 60' X 60' square or round,. Then nail AstroTurf like we have on dirt to prevent skidding / sliding? They=make brown AstroTurf also if you don't want the pad to stand out,. And inst=ll nice lights around the pad., About 1 foot off the dirt with steps.
