-We also have an off=r of \$600k to buy the two -219's only.

=A0 Thursday I received my letter from the FAA stating I can operate =3 engine 5 cycles since Pratt & Whitney engines with Mark Williams ass=stance granted 5 cycle ops. I'm working a parking rate in Brunswick GA= at Manning Aviation FBO where Stambaugh Aviation our Maintenance company =ases. I'm trying for \$2,500 per month B727 Parking in Brunswick to inc=ude bi-Weekly engine runs using Stambaugh Aviation Mechanics for 60 =ays. this would allow Gary another 60 days of marking the sale of the Boei=g, at least the aircraft would be in position for a buyer to start inspect=ons and remove the #3 engine for repairs etc.. or if we need to fly the ai=craft to the desert for retirement, I can obtain Ferry Permit much easier =ith Stambaugh to complete airworthy inspection required for Ferry flights =ater in the year if needed since the aircraft will be out of date inspecti=n wise.

Optio= 1

I'=d like to fly Boeing to Brunswick for parking position and low monthly cos= parking. Gary continues to market aircraft for additional 60 days, at whi=h point you could lower the ask price when you deem necessary.

Optio= 2

get a=rcraft appraisal with hopes of \$2M to \$3M appraisal for tax deduction, The= donate to an Aviation School or Museum of your choice?

Optio= 3

combi=ation of option 1 and 2, fly aircraft to Brunswick for Parking and continu=d marketing, get appraisal for Rich to work best scenario for tax brake an= locate the best retirement location for the B727.

do yo= approve of moving the B727 to Brunswick for parking?

thank=you,
