Dear Jeffrey...

I did all the research=for a machine that can render my [REDACTED] work in [REDACTED] It must be windows an= generally better to order online where they have solid state drives and b=ilt in discrete graphics cards. I found one for a good deal.

Dell just phoned me however and said they cant process it on my english =ard and I have to use an american card.

My amex has a limi= so the good thing is I can never exceed that.

I was wonde=ing whether you would mind if I put it on there and then I can do one of t=o things...

I could draw the money from the bank in increm=nts (probably would take 10 days) and give to Bella, Or if I reach the lim=t I put anything further for that month on my UK card.

I would r=ly on school but they are keeping such silly hours for the summer holiday.=(They used to be open 24 hours and I could work well into the night)
