his linguistic tree s   are pedestrian. =A0   jack loves jill ,   is not two objects , su=ject verb object,   JACKLOVEJILL =C2
is a single   shape .   and can be looked at fro= many angles.   in a multidmensional space. . =C2   looking from the right
jill is loved by jack , .=C2 from the left. jack loves jill.   from orthoganal lo=e is a realtionship to both jack and jill etc.
=A0 Bernstein s trees   are at most two dimensional. =C2 and therefore , only usefull in naive ways.   ::::)
