Subject: How are you

Need your help trying to figure out what he best course of action should be regarding my dilemma with that girl I told you about from Scottsdale. The entire situation is taking a toll on me - each day it seems that I feel more remorse of having fallen into this trap - with no way out. As I said before she is a total nightmare - and it's been a nightmare especially for me - I sometimes wake up at 3am - in a panic. As now I'm concerned - what if I dye one day in the near future - I'm not around to defend my self - and prove that there was nothing between us - I'm sure she will conjure up some lies - and my worst thoughts are how it will effect the girls - they are great kids and this could throw them off - who knows the psychological effect it could cause - and all from made up stories I know you're busy, but maybe if you could give this some thought - as there is no one else I would trust with this nightmare.
