Good evening,  
<=iv>

I didn't hear back from you. Do we have a deal?

Good afternoon Mr. Kahn,

While I just reiterate that you strongly suggest the option for the entire proposal, I can take \$5k off each option.

With the greatest respect for you and your client, I'm sorry but HKT will have to respectfully decline to accommodate that offer.

Apparently you have someone off island, unaware of the local requirements and hopefully the cost you are expecting to pay will not increase when they acquire that knowledge.

\$50k is more than 50% below the proposal and, for lack of better words, quite unacceptable and insulting.

Should you run into difficulties with your other option HKT stands prepared to deliver first class results as described in our written and verbal communication.

Thank you for your email. as I told you when we spoke last week I have a bid for 40k. my instructions are to source locally if I can and save travel costs. I will increase my offer to you and for 50k we can proceed with your proposal. amy dempsey is being retained for routing.

Thank you.

Good morning Mr.Kahn,

I have thoroughly reviewed your suggestions for modifications to the bid and given your request great consideration. I honestly believe that the items you requested are important for a successful project. For example, the witnessing of the factory acceptance is not a step I would recommend omitting.

With that said, the items you suggested to remove total \$23,000. To ensure the integrity of this project I am willing to do the project with the entire scope at the original price less \$23,000 for a total of \$80,000. If you decline this option and are convinced that these items should be omitted, I am willing to reduce the remaining items by 10% resulting in a cost of \$72,000 for the revised scope.=C2◆

I strongly recommend you consider the first option but I am willing to discuss this further with you if necessary.

Best Regards,

Hugo Hodge Jr<div>

it was a pleasure speaking with you earlier. as discussed =he following areas are scopes that will not be needed and my comments:

pricing  
a) conceptual design on cable routes - ok to keep - please revisit pricing  
b) detailed cable specs and preparation of bid docs - ok to keep - please revisit  
=div>c) detailed switch and meter design and prep of all switches and meter=ng device - ok to keep - please revisit pricing  
d) review all switch and cable bid submittals and submit to Wapa for approval - =C2◆ok to keep - please revisit pricing  
e) witness factory acceptance test - not necessary as all we need is for you to review test from manufacturer and should be included in d) above  
ok to keep - please revisit pricing  
g) witness installation=and test electrical devices - not needed  
h) complete=as built - not needed

bac= from you this afternoon  
i appreciate your effort in revisiting your pricing and look forward to hearing  
thank you
