1. The audit h=s brought to the fore the lack of your office quality that i have be=n violently squawking about. ie . children playing at at=adult game. It is inconceivable to me that John castruc=i is still there , joslin part time. , joe mistake=after mistake and brad the corporate bandleader talking about the of=ice's finance team, accounting dept, directing wendy to do thing= that make no sense for you ? !ts nuts . non existent l= dept. though it was the first thing on my suggested list of things =o be done \ no trading accounts to sp=ak of , though its prophylactic quality has been discussed over and over=C2 for three years. As you said you wanted to save money by=not paying my high fees. . the result was predictable.=C2 now you have a choice a simple choice.=C2 very simple .

you can =ay me and my team , I will oversee the audits. LOts of paper needs t= be collected and reivewed, the outside team at my expense wor=ing for me, come in for two to three weeks -they will review procedu=es and practices. . set up ,an up- to- date accounting s=stem, , computerized timelines for filings etc. . =ousehold classifcations and reporting that makes sense. =ou will not be surprised however that the price for my work has =A0 not changed since day one. 40m per year, I m willing to di=count to 30 m as I did give you a bad number and should pay an embarrassmen= fine. Im also aware that you have paid what you consider a g=eat deal of money, though, as you know , without a doubt , you have =ar and away recievied way more than called for in our agreement=. please also remember that you and i agreed no more demands =n my time after the last payment. no more - so called after care etc= I stepped in as you had a mess on your plate and have =orked many many hours doing things that are not my responsibility soley =A0 because of our unique friendship. by the way , on antoher =ote you seem shy to discuss certain things. , please be assured I m=ke no judgement on any of your activities , whether or not i agree w=th it. not my role. my role is, protection first. no m=tter what you do.

2. you can decide that brad = tom , and whomever else you choose can oversee your audits . they a=e sensitive to the issue at hand. alan can be brought in but i woul= be extra careful having paul weiss given access to entire story. <=r clear="all">

3. Remind me to talk to you abou= ..
