Subject: Re: Chris: Cristobal & 2 Laborers

We will support him, I truly believe that D=pson and his team can do this, but if Chris is going to have oversite, this=will be very disruptive We will try and make this work, but Chris=needs to get "his act" together and work with the team on t=e ground Regards Brice

i agree i assumed this would have already been worked out. =sorry, that being saidk chris is only there for a l=imited period and is for the moment the only one who really knows how to do t=ese things. he should be given all the help he needs! &nbs=; there is little landscaping that is more important. &nbs=; I should have made sure all was settled before he started, bu=. . . the trees need oversight. i= not sure what dupson knows at all. brice i d appre=ctiate it if you would go easy on chris as he is doing me a favor by b=ing thre after he quit. thx.

ps you and [REDACTED] are doing a great jon in a very difficult cir=umstance without much help. it is sincrly appreciated. <=r>

Good Evening Anna

It would be more efficient that Chris works with the team on th= ground to get this completed
Chris needs to be on the Boat to LSJ at 7am, once on site we will rev=eew project as you are aware there are many pressing projects which need to b= worked out to insure everything is completed in a timely manner
Chris needs to work with the team and the limited equipment on site w=ich we will discuss once he arrives

for all outside or in-house contractors. I should have more info from Chris tomorrow during or after his LSJ visit on what
=99s needed for him to complete all plant projects requested
