This color is actually a better match to the skis. I have =hecked with management and there will be no more of these units made =ff of the production line. Can-Am is not manufacturing any more of this =odel for 2016. There are none available throughout the eastern =eaboard. I have done the research and have come up empty. We have these =nits paid for, signed for, built, prepped, titled and ready for =elivery on Friday.
