Something like this?  
I don't have that divan in the berthed position. Also not sure if the heights will line up without mods.  
Thanks,  
Maurice

Maurice can you illustrate if we were to add a +-40" game divan (like NGHEY) to the fwd part of the Falcon berthed divan- it would occupy the area where the LH 3 seat was. Obviously reposition the fwd arm rest forward to creat the extra long divan.

Thx!

Eric
