I completely understand what you mean and I should have not sent you these drawings with info that do not reflect our conversations.

I appreciate your comments and we are taking a different approach.

I need to clarify some discrepancies with the surveyors and I've already reached out to them.

Let me get this straight and I will get back to you shortly.

i don't know where to begin. there is virtually nothing that we spoke about reflected on the master compound or master retreat.

wind master compound this is a hurricane environment. the building are not on the same level; so the pergolas will meet the building in different spots.?

2 there is no scale.? the master is sooooo wrong, i am confused. . there is no toilet in the shower area. the four girls rooms are right on top of me and hotel size = . and not a nice hotel. there are big living areas; indoor and outdoor though i was clear that this is a home for me. and i don't entertain . eight beds in the cinema? a bar. ? never. this is an island of grand proportions and the girls dark bathrooms look out into the side of a hill.?! through small windows that the current cabanas have and are a disgrace. . .

the program was not considered in these plans. not only does it not match the topo but you and i stood there you know its not even close to right. and its in spanish.
