My swollen lip came back - it's huge

It can't be a cold sore even though it forms a sore after a couple days=and sores in my mouth. I truly believe it's an allergic reaction. My b=dy feels itchy and prickly all over.

The only thing I can currently remember I took each 3 times was diflucan. A=d I take it rarely so I didn't take it in between. I took it last nigh= very late after being at school and woke up 5 hours later with a deformed=lip and the itchies!

(All else I ate before bed was my usual cereal and my usual yoghurts)
