Good night bo=s

Hector states if the bandwidth is similar to that of LSJ (150 MB) the RADWI= 2000 C Series ( Delivering up to 200 Mbps and up to 16 E1s/T1s). If bandw=dth is less than 50Mbs then RADWIN 2000 B Series recommended. Both will ha=dle distance. He is still checking with a few more venders to verify that =hese are the best.

Regards  
Jruan
