Good night boss

Hector states if the bandwidth is similar to that of LSJ (150 MB) the RADWIN 2000 C Series (Delivering up to 200 Mbps and up to 16 E1s/T1s). If bandwidth is less than 50Mbps then RADWIN 2000 B Series recommended. Both will handle distance. He is still checking with a few more venders to verify that these are the best.

Regards
Jruan
