Dear Jefferey,

We=were able to resolve the discrepancies in the topography that caused us ma=y confusions. I'm extremely sorry about sending you incorrect info=mation and rest assured it won't happen again.

We've been going over everything again and carefully st=dying all the volumes and functionality of the spaces and it's sta=ting to take form. We will send you progress next week as soon as it is pr=sentable.

Some clarifications:

1. You mentioned "open seating area" in the ma=ter retreat. I understand that this area should be covered and protected f=om the elements but open air without any glass, correct?
2. In the master bath, would you consider any open-air features lik= a shower or tub perhaps? (Of course that these would be besides the requi=ed enclosed ones).
3. Do you require an ind=or bathtub in the master bath? (If so, double or single?)

</=iv>

4. Do you use both steam and sauna in the master? Do you like the =ndoors shower to have steam or you prefer separate rooms for each?

5. The ladies' residence requires an air-conditioned sitting/dining area or just a covered unenclosed space will suffice?

6. I assume the ladies' kitchen should be similar to the master (only for snacks and light cooking) since the main kitchen will be remote in order to stay away from any smells. Please confirm.♦=A0

7. At the ladies' residence, do we need to consider anything besides the four cabanas/nice baths, sitting area for chatting, pantry (or small kitchen) and pool? Small secondary laundry for=their own use perhaps? Anything else?

8. Do you need anything inside the large cinema besides a nice powder room, the two beds/seats and all the equipment? Any food or soft drinks storage? Another small pantry perhaps?

Thanks again,

Ramon Alonso
