**Subject:** Fwd: Great St. James Generator

still waiting on 100kva transformer quote he quoted 100 kw generator as his vendor does not sell 75kw as discussed

i questioned denny on his prices and he said he has 2500 profit in price on generator to cover tropical and gross receipts tax may be able to save a small amount if i negotiate everything on total as i believe his switch price is to high at 4,200

price from my contact on 100kw generator (see next email) was 24,200

please advise  
thank you
