No because if I ever get fired than they can still use them and make deals with them so I'm out and they make money out of my contacts. Even if I get fired they can still make deals and keep my contacts. So in the end I only lose in this story. Unless they give me a commission for every deal they make

they are paying you for those contacts. as a salary. the idea is that if you get fired your contacts will no longer do business with them. that's the stronger position
