Subject: Newark arrival?

Jeffrey

Newark and Teterboro current 700 overcast 1 mile visibility,, Heavy rain and low ceilings in NY this morning, clearing by 4pm today,, to 4=00 overcast 8 mile vis.

Should be fine for arrival at 8:30pm tonight.

Since I will be at Max landing weight and High VRef speed, I'd like to arrive Newark tonight for safety reasons. Wind tonight is forecast out of west / 270 degrees at 20kts gusting 32kts.

I'd prefer Newark due to my weight and wind velocity

Do you approve Newark arrival?

Thx
Larry
