Hey Bossman,

The Bobcat is ready to go but we need to purchase a New hood or have it Fiberglassed and Gel Coated.

National Parts can get the hood for us in 2 weeks for \$2,300 plus shipping. I asked Kebo if he can do the fiberglass and the gel coating on the bobcat and he said yes for \$1k.

I told him I might be able to do \$800 since we're providing all the supplies=needed to get the Job done?

Please advise,  
Ann R.
