Jeffre=

=ttached photo's for your consideration.

The new design pushe= the Northern pathway over the edge of the North East corner,  
<=iv class="gmail\_default">To make this work we will need to add more rock= and dirt to corner  
or adjust center point back, as laid out during your l=st visit.

Also the Grass Bed closest to the house is right on top of the Sep=ic Lids.

The simple solution for this is= bury lids and when it's time to clean out tanks ( 3-5 years)  
we simply uncover, pump out and relay sod.

<=iv class="gmail\_default">I have arranged for stone guys next week to fix=existing wall and to  
do a mock up wall using rock from the ranch.

I will need Francisco(Grader Guy) back for final =rade, and trucks for dirt/rocks to complete  
eastern edge of garden and fin=l grade,

How would you like to proceed, move forward with present design or =ntire design back approx  
5 feet

the wall length must be the same
