A few things to think abou=:

If the Patterson book is being published in Aug=st, that presents some time frame issues. You would not be able to do a co=peting book or documentary before then. This is not to say that they shoul=n't be pursued. In a sense, better that they know what Patterson's=position is and, a year from now say, be able to counter it. I have some t=oughts on book and doc to share at your convenience.

<=iv>That being said, you do need an immediate counter narrative to the book= I believe Trump offers an ideal opportunity. It's a chance to make th= story about something other than you, while, at the same time, letting yo= frame your own story. Also, becoming an anti-Trump voice gives you a cert=in political cover which you decidedly don't have now. Still, this nec=ssary involves you going public. And so the most basic decision is about y=ur willingness to do that. My view is that in a couple of weeks you could =aster message and technical proficiency. I know a bunch of people who coul= be very helpful here. This would involve something along the lines of you=writing an op-ed, doing a high profile television interview (Charlie Rose,=I'd say), and perhaps some social media efforts.

<=iv>Speaking of which, again, I think a strategic plan, involving your publ=c identity, philanthropic activities and interests, and the development of=media allies, ought finally to be put in place. A big, comprehensive, expe=sive effort.

The alternative is to continue to keep head down and hope Patterson book is just more he-said she-said and Connally getting lost in the reeds (which, as an inveterate conspiracist, he always does). My worry is that Patterson can be counted on to produce a bestseller, and while he isn't regarded as a serious writer, he'll surely be unloading a lot of tabloid copy. Because this will be tied to the election, the Trump-Clinton angle will amp up the attention 10-fold, in fact, possibly, a hundred fold. Possibly more than anything you've encountered before.

Meanwhile--

In a lawyer's letter, I'd suggest including the following points--not necessarily legal, but a warning about how a press campaign might unfold (publishers are more worried about being caught in negative media controversy than they are of legal threats):

1) Little, Brown has made on the record representations to at least one well-known journalist that it was not publishing a book by James Patterson about Jeffrey Epstein--possibly an effort to avoid inquiries about the questionable nature of the book;

2) The actual author of the book, John Connolly, is someone other than the stated author, James Patterson. Connolly is known to have developed an obsession with Epstein, such that his longtime employer, Vanity Fair, has refused to allow him to write about Epstein for the magazine;

3) Sources have confirmed for us that Patterson has had little more than a minimal consulting role in the book, and that Connolly has functioned in every material way as the book's researcher and writer. We believe Patterson's "authorship" of the book will not stand up to scrutiny. And, indeed, that the entire notion of an extension of the Patterson franchise into nonfiction, as it has been used in fiction and children's book--effectively other authors writing under the Patterson name—presents a host of journalistic ethical issues.
