I have spoken to you many a times regarding the issue I am having with that g=rl from Scottsdale   Punch line she is a rotten bitch that consistently ma=es shit up - think she is a total psychopath - great at making up stories t=at are convincing

I mentioned before what started out 10 years ago as a business Deal - flippe= a house or two - then bought some stupid ring she was going to flip yet ne=er did - then to horses which actually isn't that bad on increased value bu= the game doesn't stop- which I wish it could stop

My issue is that years ago I made the decision to keep the bs business goin= rather then take the chance that she Attacks the family - makes shit up a=out us and I'm left defending myself against some psycho out if her mind bi=ch - I try to appease the situation by taking her calls - almost daily. See=s the easy way out is by spending 1 minute on the phone vs who knows whats n=xt

Punch line is - I have been concerned for a while now - distraught -thinkin= that this could get out of control and effect my family -and effect my ki=s in how they see me as a dad - we have spoken many a times how I love my f=mily - especially the girls - I could never imagine not being close to them=- not living with them. I love them so much - they mean everything to me -=I never want to be with out them So I need your help on trying to figure things out - or at least how I can p=rsonally. Calm down and not be so stressed out about anything ever coming b=tween me and my family If you can give it some thought - I think you said you would be around in a w=ek or two

Sorry for the ramble - but woke   up in a panic today
