Steve of =TC, who installed LSJ's and STC's phones and phone =witch, states that the white phones (KX-NT346) we use on the islands =nd office are no longer available. He suggests the KX-NT546 as a valid =replacement that works with LSJ's current phone switch. Below =re pictures of both phones. The both phones are simular in =specifications and function. It comes down to the cosmetic look of the =hone.

Is this =cceptable?
