attached =C2 photo's for your consideration.

The new design pushes the Nor=hern pathway over the edge of the North East corner,
To make this work we will need to add more rocks and dir= to corner or adjust center point back, as laid out
during your last visit=

=lso the Grass Bed closest to the house is right on top of the Septic Lids.=/div>

The simple solution for this is, bury li=s and when it's time to clean out tanks (3-5 years)
we simply uncover, pump out and relay sod.

I have arranged for stone guys next week to fix existi=g wall and to do a mock up wall using rock from the ranch.

I will need Francisco(Grader Guy) back for final grade, =nd trucks for dirt/rocks to complete eastern edge of
garden and final grad=,
